

READY-MADE MEALS & CATERING

For your convenience

ABOUT US

Hoeked is a small catering business based in Noordhoek, who puts love into every bite. We emphasise the use of fresh & locally-sourced ingredients, making all of our meals in small batches. Hoeked focuses on vegetarian & vegan meals, but we have a few meat dishes where we source ethical, pasture-reared and free-range meat, always keeping sustainability and conscious cooking top of mind. We use each ingredient to its fullest potential, trying to make our meals with as little harm to the environment as possible. We have some unique dishes that you might have never been tried before, as well as some familiar favourites!

Please enjoy our ready-made meals to heat and eat at your convenience! We are sure to have you 'hoeked' on our food too!
